### B. Educational Background

- *Ph.D. Forestry Science, Faculty of forestry - University of Khartoum, 2003.*
- *Master (MSc) of Science, Environmental Studies, Institute for Environmental Studies Khartoum University, 1996.*
- *Bachelor of Science (B.Sc.) (Honour) Forestry, Faculty of Agriculture Khartoum University, 1984.*

#### Summary of GEF &UN Experience

1. Currently my work focuses on sustainable development , with special emphasis on the impact of such global trends as climate change,  
- Areas of expertise in relation to climate change is: **Vulnerability and Adaptation Assessment** and **GHG Inventory**.
2. have also served as a leading member of the largest professional network in the area of conservation and sustainable development: the Inter-governmental Panel on Climate Change (IPCC), in which I served as :
  - a. a Coordinating Lead Author for The IPCC Special Report on Carbon Dioxide Capture and Storage;
  - b. A Lead Author for the 4<sup>th</sup>.Assessment Report WGII(Vulnerability & Adaptation Assessment ) and;
  - c. A Lead Author for, IPCC NGGIP 2006 IPCC National Greenhouse Gas Inventories Guidelines /Energy Sector.-Chapter2 on Stationary Consumption.
3. Nov, 2005 **Coordinating Lead Author** on the International Assessment of Agricultural Science and Technology for Development (IAASTD) Global Assessment report Chapter 1.
4. October, 2005 National Consultant One System Inventory, Environmental Theme/Multipurpose Program Development/ Eastern Nile Technical Regional Office (ENTRO)- Nile Basin Initiative (NBI) **World Bank/UNDP**
5. 2002- up to date , **Principal Investigator**, Assessment of Impacts and Adaptation to Climate Change in Multiple Regions and Sectors (AIACC) Sudan Project AF14.UNEP/GEF
6. June 1998- 2002, **Assistant Coordinator**- Climate Change /Enabling Project – (greenhouse gas inventory, vulnerability and adaptation of agriculture, forestry water resources and human health & mitigation energy options. UNDP/GEF
7. 1985- 1995 **Planning Officer**, Head of Information and Statistics Section  
FAO Forestry Development Project – Forests National Cooperation /Khartoum –

8. Member of the Core Team for Drafting Global Climate Observing System (GCOS) Strategy for Eastern and Southern Africa-UNDP/GEF 2002.
9. 2003. Reviewer of the Good Practice Guidance (GPG) for GHG Inventory Manual - National Communications Support Unit Handbook UNDP/GEF
10. Nov, 2004 A member of the team who drafted a Background paper on” **APPLICATION OF METHODS AND TOOLS FOR ASSESSING IMPACTS AND VULNERABILITY AND DEVELOPING ADAPTATION RESPONSES**” – UNFCCC/SEI\_B.

### **C. SPECIAL COMPETENCES:**

- *Current work focuses on the intersection of sustainable development and international environmental policy, with special emphasis on the impact of climate change - both as a policy construct and a biophysical driver, evaluation of policies and measures for reducing greenhouse gases , development and application of integrated resource planning techniques and capacity building for developing National Communications under the UNFCCC*
- *Familiarity with environmental issues at the national, regional and international levels with particular focus on the Greater Horn of Africa –being the Permanent Representative of the user communities at the Climate Outlook Forums (COFs)- DMC\_N..1998-2003.*
- *Good knowledge of international climate change policy and on-going negotiation*
- *Experience related to coordination of work with other multilateral environmental agreements and enabling activities particularly biodiversity and desertification.*
- *Developed good experience in information generation and management and the dissemination of regional seasonal rainfall forecasts for the purpose of early warning and disaster control.*
- *Good experience on areas of vulnerability assessment to climate variation and change and adaptation options and the development of socio-economic and use of climate scenarios.*
- *Developed good skills in social science approaches and participatory tools for addressing environmental issues and problems*
- *Experience on carrying out reviews of technical documents in the context of National Communications.*

### **D. Personal attributes:**

- *Ability to work with multidisciplinary teams and to work independently and in a team towards shared goals*
- *Ability to develop research methodologies, manage research projects and summarise research findings in technical reports and working papers.*
- *Developed communication and interpersonal skills including the ability to produce high quality written material and effectively represent the organization when required.*
- *Ability to e to supervise staff of researchers and postgraduate students.*
- *Excellent ability to write and speak English and Arabic.*
- *Able to meet deadlines*

### **E. SKILL SUMMARY:**

#### **❖ MANAGEMENT SKILLS:**

*More than 20 Years experience in planning, environmental project management, research extension & training. In addition to management of environment related information, retrieval, communication, networking development and organization of training activities.*

#### **❖ PLANNING SKILLS:**

*Good experience in Strategic Planning & Management in relation to environment and natural resources. Ability to identify and analyse problem areas, formulate projects proposals to address*

*gaps and needs, prepare the project implementation plans, follow-up, monitoring and evaluation.*

## **F. ACCOMPLISHMENTS:**

- 2006, Vice Chair , **Advisory Board Climate Change Adaptation in Africa Research and Capacity Development Programme (CCAA)** / The International Development Research Centre (IDRC), Canada, and the Department for International Development (DFID), U.K.
- June, 2004 Lead Author (LA), IPCC NGGIP 2006 IPCC National Greenhouse Gas Inventories Guidelines /Energy Sector.-Chapter2 on Stationary Consumption
- May ,2004 Lead Author (LA), IPCC Fourth Assessment Report (AR4) -Working Group II (WGII) on Climate Change: Impacts, Adaptation and Vulnerability./Chapter 9: Assessment of Future Impacts and Adaptation: Africa Region
- April, 2003. Coordinating Lead Author (CLA), IPCC Report on Carbon Dioxide Capture and Storage /Chapter 9 Implications on GHG Inventory.
- Assisted in all Climate Change Project coordination activities that lead to building national capacities and enabling Sudan's communication to the United Nations Framework Convention on Climate Change (UNFCCC)
- Developed dissemination programs and journal contacts to raise awareness and advocacy about issues related to climate change;
- On the process of developing a web page for the climate change in Sudan
- Conducted training workshops on climate change related information development & circulation
- Assisted the Project Coordinator with the preparation of the CC training workshops
- Played key role in the coordination of the GHG inventory
- Played key role in the Vulnerability and Adaptation Assessment
- Lecturer on part time basis at the El Azhari University/ Khartoum- teaching courses on global environmental changes.
- Coordinated the GHG Mitigation Analysis and developing abatement options for the energy sector.
- Documented and published proceedings on training workshops, seminars and other activities;
- Production of the Forestry Statistics Handbooks (1995)
- Establishment of a data bank for the Forests National Corporation/Central Sector
